

7. Please delete claim 6.

8. Please add new claims 7 and 8 as follows:

7. (New) The method of increasing endogenous testosterone production in men according to claim 1, wherein the man is between the ages of 18 and 80.

8. (New) The method of increasing endogenous testosterone production in men according to claim 1, wherein the man is between the ages of 32 and 40.

Complete listing of all claims as amended:

Claim 1 (Previously presented): A method of increasing endogenous testosterone production in men through the administration of 4-ANDROSTENE-3,6,17-TRIONE.

Claim 2 (Previously presented): A method of increasing the testosterone / estrogen ratio in men through the administration of 4-ANDROSTENE-3,6,17-TRIONE.

Claim 3 (Previously presented): A method of increasing testosterone levels in men while leaving estrogen levels relatively unaffected through the administration of 4-ANDROSTENE-3,6,17-TRIONE.

Claim 4 (Previously presented): The method according to claim 1 where the dose administered is between 100mg to 1000mg per day.

Claim 5 (Previously presented): The method according to claim 2, wherein the dose administered is between 100mg to 1000mg per day.

Claim 6 (Cancelled)

Claim 7 (New): The method of increasing endogenous testosterone production in men according to claim 1, wherein the man is between the ages of 18 and 80.

Claim 8 (New): The method of increasing endogenous testosterone production in men according to claim 1, wherein the man is between the ages of 32 and 40.

Very Respectfully,
